Fahrzeugbeschreibung

FERRARI 12 CILINDRI ROSSO SCUDERIA NOVITEC UNIQUE CARBON EXT&INT LIFT JBL FULLOPTION !!!

NOVITEC Upgrades - Premium Performance & Styling

This vehicle has been professionally enhanced by NOVITEC, one of the world's leading specialists for high-end performance and styling upgrades for Ferrari models.

Key modifications include: NOVITEC NF11 Forged Wheel Set Complete high-performance wheel setup in a stunning brushed gloss clear finish.

Front: 21" (10J) with 275/35 R21 tires

Rear: 22" (12J) with 325/30 R22 tires

Improves both aesthetics and driving dynamics significantly.

NOVITEC Sport Spring Kit Precision-engineered lowering springs for a more aggressive stance and enhanced handling performance, while maintaining everyday usability.

Original Ferrari TPMS Sensors Integrated tire pressure monitoring system for safety and seamless functionality.

Professional Installation & Certification All components were installed by specialists and officially inspected and approved (GTÜ), ensuring full compliance and quality.

Result:

A perfect combination of exclusive design, improved road handling, and premium craftsmanship - exactly what you expect from a NOVITEC-enhanced Ferrari.
