Lamborghini HURACAN STO AD PERSONUM SPECIAL

CARBON LIFT FULL

Exterior

The exterior is finished in an exclusive Ad Personam paint color, a striking matte olive-green tone reminiscent of military-inspired motorsport specifications. Combined with the STO's exposed carbon fiber components, matt carbon rear wing, black forged wheels, and aggressive aerodynamic design, the vehicle commands attention from every angle.

The entire body is protected by a full-body Paint Protection Film (PPF), preserving the exceptional condition of the paintwork while maintaining the stunning matte appearance.

Interior

Inside, the cockpit is focused entirely on performance. Lightweight materials, extensive Alcantara surfaces, carbon fiber trim, and contrast stitching create a race-inspired atmosphere. The bi-color specification in Nero Cosmus and Giallo Belenus perfectly complements the exterior and highlights Lamborghini's attention to detail.

Performance

Powered by Lamborghini's legendary naturally aspirated 5.2-liter V10 engine, the STO delivers an unforgettable driving experience with razor-sharp response, breathtaking sound, and authentic motorsport character. The lightweight construction, rear-wheel-drive layout, carbon ceramic brakes, and advanced aerodynamic package make the STO one of the most engaging modern supercars ever produced.

Description A truly exceptional opportunity to acquire one of the most desirable modern Lamborghinis ever built. Lamborghini Huracán STO is finished in a highly exclusive Ad Personam special-order matte olive-green exterior, combined with extensive carbon fiber options and a perfectly specified Alcantara interior. As a genuine STO, it benefits from Lamborghini's most advanced lightweight technology and race-derived engineering, offering a driving experience unlike any other road car. In addition, the vehicle is protected by a full Paint Protection Film (PPF) and features the sought-after matt black exhaust outlets, forged wheels, front lift system, telemetry package, carbon ceramic brakes, and numerous carbon fiber components throughout the exterior and interior. Meticulously maintained and presented in outstanding condition, this STO represents an excellent opportunity for collectors and enthusiasts seeking a highly specified, rare, and investment-worthy example. Available immediately. Serious inquiries only.
