Lamborghini TEMERARIO NERO SONUS P-DISPLAY LIFT PR26

READY!

Inverted stitching

Premium floor mats with leather piping and double stitching

Description The all-new Lamborghini Temerario represents the next generation of electrified Italian super sports cars. Combining breathtaking performance with cutting-edge hybrid technology, this HPEV delivers an incredible 920 PS and a thrilling V8 twin-turbo engine capable of reaching 10,000 rpm.

Finished in elegant Nero Granatus with forged 20/21-inch Velador wheels and Rosso brake calipers, this configuration perfectly balances aggression and sophistication. The High Gloss Black exterior package and matt black tailpipes underline the unmistakable Lamborghini design DNA.

Inside, the cabin offers a luxurious motorsport-inspired atmosphere with Nero Ade and Rosso Alala contrast trim, fully electric heated and ventilated comfort seats, premium Corsa Tex details, ambient RGB lighting, and the exceptional Sonus faber sound system.

Equipped with advanced driving assistance systems, lifting system with magneto-rheologic suspension, passenger display, smartphone connectivity, and multiple assistance packages, this Temerario combines everyday usability with uncompromising supercar performance.

Experience the future of Lamborghini. The new Temerario is more than just a supercar ? it is a statement of innovation, performance, and pure emotion. With its electrified V8 powertrain, stunning specification, and unmistakable Italian design, this vehicle delivers an unforgettable driving experience both on the road and on the track.

A unique opportunity to own one of Lamborghini?s most advanced and exclusive creations.
